Purpose of St. Louis Corvette Club:

To enjoy the Corvette through association with other Corvette owners. To have fun on many levels through social events, road trips, car shows, charity events and competition as each person wishes. To actively promote and work for the advancement of St. Louis Corvette Club and it's activities. To respect the differences and wishes of each STLCC club member.

From the President - Marty Dooley

The holidays are here, and it has been a busy year. We sure have done a lot this past year. We have all enjoyed the local rides, trips, some car shows, and a few parades. Also, plenty of good food and great socializing.

What we probably all will remember were the times we spent at the V.A. Hospital. Whether it was the day of work in their garden, or the car show, it was great to see our club members come together to put these things on.

All the members that put on events, those that helped at the events, and everyone that participated did a great job this past year.

I would like to thank the board members for all of their hard work this year. Congratulations to the new officers, and good luck to them and our club next year. Please remember to show your fellow club members the respect they all deserve.

And thanks to all that supported us this past year, and lets all keep things going in a positive direction...

Happy Holidays,
Marty Dooley
