Building Bridges

The great thing about our club is...it's more than just a group of people who love the same car. Our club is a family, and we are there for each other in times of celebration and times of sadness.

We build bridges to lasting friendships, and have a mighty good time doing it!

President's Column

We just got back from checking on things at the V.A. garden that our club helps maintain. It's looking pretty good at this time. **Judy** and I have been able to stop by to water and fill the fountains. Thanks to **Anne and Don Pickles**, and **Bob Woods** for checking the garden out to keep it looking good. Remember, anyone can stop in to check things out or just to talk to one of the Veterans in the garden behind bldg. 52.

This past week I got a call from a local garden club that saw our garden work at bldg. 52. They would like to donate some plants and bulbs to add to the garden. Looks like word is out about the work we do there. Great job by all our members who have had dirty hands and muddy shoes to do this for our Veterans.

With summer just about over, we are not slowing down with things to do with our club. Meetings always seem to bring plenty of members. Some events coming up: the club picnic, sponsor's car show at ELCO, a bon fire, a run to Blue Owl, and trip to Eureka Springs. There are a few more in the works, like an oil change party at the Horstmeyer estate, the warbirds show, V.A.Parade, and a run to Millers Grill. We know that family and work comes first, but try to make as many events with our club friends as you can.

Drive carefully,
Marty Dooley

Letter from the Editor

Now, ya'all know I don't normally write anything special for the newsletter, except maybe a few snarky photo captions. But I would be remiss if I didn't take this opportunity to say "Thank you" to the newsletter editors who came before me. If it weren't for **Jerry Craig** and **Mike Price** laying the foundation, we wouldn't have the publication we have today. Their hard work, Corvette spirit, and humor set the stage - I just caught the pass and ran. I also need to thank our wonderful members who continue to give me such great stories and photographs (and, selfishly, memories that I will cherish forever). Our recent NCM Newsletter 2nd Place Award goes to Editors Craig and Price, and you. You guys rock! -Amy

Message from Membership

by Membership Chair Ron Hagenow

2012 Membership Dues are Due!

Beginning with the September meeting, I started accepting dues payments for next year. Dues can be paid at the October or November meeting. Dues must be paid by the November meeting for two reasons:

1. You must be current in your dues in order to vote for new officers
2. We send in our annual dues to NCCC by November 15 so we need an accurate number of paid members by that date

Dues are \$45 for single members and \$75 for a couple. This includes your annual membership in NCCC. Associate member dues are \$24. Please make your checks payable to "St. Louis Corvette Club."

If for some reason you do not intend to remain in the club, please drop me an email and I will remove you from our membership roster.

If you cannot attend the October or November meeting, you can send your check to:

Report from the Field: Trip to Mosport Racetrack, Ontario, Canada By Armynta Craig

Sharon and Carl Ballinger and Armynta and Jerry Craig recently participated in the MCM's *MUSEUM IN MOTION* with a trip to Ontario Canada ending at Mosport International Raceway and an ALMS (American Le Man's Series) race.

Ballingers and Craigs are no strangers to wine and started their trip couple of days in the Finger Lakes in upper New York State. While there, we participated in the Finger Lakes yearly wine festival where about 85 winery's offered pouring of their various wines. This festival was located on the grounds of Watkins Glen raceway. This race track is where Jerry went to driver's school about 50 years ago. Both Carl and Jerry had the opportunity to ride in a pace car around the track.

with a

Arriving in Niagara-on-the Lake we met the rest of our tour group of 35 corvettes and to our great surprise we were joined by dozens of Corvetters from the **Durham Corvette Club** who were our host during our five days in Canada. We were treated to trips to local winery's, dinner with **Ron Fellows**. Ron was inducted into the Corvette Museum's Hall of Fame over Labor Day. He just became a co-owner of the Mosport Racetrack and told us at dinner that he would be "pissed" if either the 3 or 4 car did not win Sunday's race. We enjoyed trips to several museums, both automobiles and an airplane museum. The Durham club also treated us to a river cruise and picnic. Our days were filled from morning to night with activities this club planned.

Saturday and Sunday were spent at Mosport Raceway. Former corvette drivers **Ron Fellows** and **Johnny O'Connell** were at the Corvette Corral for a question and answer period. All the NCM guests were treated to a trip around the track. The Craigs were near the front of this group and made two trips around the track with the second trip just a little too fast for Armynta!! Somehow the Ballingers were near the end and Sharon did not have to endure the hairpin curve at such a fast speed.

Sunday's race was super as the #4 Corvette won in the GT class. The BMW and Porsche Clubs shared a corral which was adjacent to the Corvette corral and a few strawberries were exchanged as their cars came in second and third at this race.

A big treat for the four of us was seeing old friends from the 2002 Motorama, **Scott and Kay Sinclair** who drove the 1956 red Corvette.

After the race we were given a special invitation to the paddock. We were fortunate to meet **Jan Magnussen** who was the winning driver of the #4 Corvette. Jan was charming and answered all our questions and posed for several pictures with good humor.

This was a great trip for us, we managed to include the time in New York, see old friends and the opportunity to meet many new friends from the Canada's Durham Corvette Club. We highly recommend our fellow club members look into other trips sponsored by the Corvette Museum.

Veterans Day Parade **Saturday - November 5, 2011**

Once again the club will be participating in this annual parade. Last year we had over 25 cars and would like to exceed that number this year.

We will assemble at the Krispy Kreme in South County near the JC Penney Home Store (I-55 and Lindbergh).

We will meet between 9:30 am and 10:00 am. Driver's meeting will be at 10:00 am and we will leave promptly after the meeting. We need to be in place around 10:30 am. The parade begins at 12:00 noon. Just like the military, hurry up and wait!

Once again some of our ladies will have the privilege of driving a Gold Star Mother and we may also be asked to drive other dignitaries. If you have a convertible please bring it out.

We will plan on having lunch after the parade at d.dooley's near Gravois Bluffs. The parade is usually over by 1:00 pm.

Dress appropriately for being outside. We have had 20 degree weather and 75 degree weather! And don't forget to bring your radio and car flags.

If you have not signed up yet, please contact Ron Hagenow at 618-939-1837 or hagenow1@charter.net.

Please support the men and women of our armed forces currently deployed as well as the veterans in our club who have already served.

We are proud and grateful to

generous sponsorship.
