## July 4<sup>th</sup> Webster Parade

**Remember the August Charity: School supplies for Board of Religious Organizations.**  
Participation is always voluntary. Thank you for your kindness!

## Letter from the STLCC President

Well our July meeting started off with an awesome visit by KSDK News Channel 5 Art Holliday and his cameraman Bill. It was a surprise to everyone that they came to Pasta House to do a show involving the 60<sup>th</sup> anniversary of the Corvette. Michelle Paillou & Dana Griggs did an awesome job in the video and Carl Cox was smiling from ear to ear. Great publicity for the club! I'm sure all of you received a ton of phone calls like I did.

The July 4<sup>th</sup> Webster Groves parade was a beautiful day to get out and show those beautiful cars off. Thanks to members that participated in this event and thanks to Michelle Paillou for taking the lead on this every year. Most of all thanks to Karen and Mike Price for hosting the after party!

Thanks to Dooleys and Migets for sponsoring the annual Mystery Run. It was a gorgeous day to be driving those beautiful cars! They drove us down 55 South, then over some great curvy Corvette roads and then we arrived at the Bollinger Mill – State Historic Site. Hung out and took some pictures and back on the road we went. Ended up eating at Delmonico's in Jackson, MO. It was a usual outing for our club, drive, laugh and eat. A fun time was had by all.

Once again I would like to remind members that planning an event is really easy. Just talk to the folks that have taken the time to create fun for everyone. Remember this is your club!

Enjoy this beautiful weather and welcome to summer!

Save the Wave!

*This is from STLCC associate members Nancy and Frank Ellis on a trip thru Colorado with a southern Missouri Corvette Club.*

Found a road that rivals last years off road adventure [Northern Wisconsin road construction]... But first the rest of the story. (In Wisconsin the Ellises, Ballingers and Craigs hit a un-announced road construction with miles of oil and gravel and no options).

We went to ride the cog railway at Pikes Peak yesterday; our Hotel is north of there in Woodland Park on Hwy 24. Part of our group drove up the mountain, and we all met at the top. Afterward, we agreed to meet at a lunch location back near our hotel. The driving group got down the mountain and were ahead of most of us on the cog descent, and headed back to Woodland Park. There were thunderstorms near us to the North. As we drove out of the parking lot in Manitou Springs, the Sirens sounded to evacuate due to flash flooding due to forest fire burn areas near Hwy 24. There were mud slides and 2 of our club cars were involved.....no injuries and both cars drove away. The road was closed, and we were trapped with no direct route back to the rest of our group. We decided that the best option was to go around the mud slide area.....and went north on I-25 to Castle Rock and cross country on local roads and south back to Woodland Park. All went ok until we ran out of pavement.....had to do 3 miles of extremely steep (15% grade) twisty mountain gravel road....before we could get back to pavement. Wonderful ride along a trout stream, and other outdoorsey stuff....but few restrooms to the dismay of the women! 3 hours later we made it back..... Off to the car wash this am.

Good news is no one was hurt and looks like all the cars are ok.

Check the internet; there were some videos from a local reporter who was in the event and also some news helicopter footage that shows a silver C5.

Quite a day!

Well, as a newbie member, I did what I was told and drove my Corvette to work....and also got a co-worker who has a 2004 Lemman's Blue edition ragtop to drive his. The only thing with driving your corvette to work is that everyone thinks you are "loaded." My associates here at US Paint should know better! Here are a couple of pictures I took before I even had a corvette as I like photography.

Don's new baby has arrived!

Don't they look like high school sweethearts in the photos?

## Ruth's Snack Mix

Submitted by Ruth Howard

- 1 pound box of Cheez-Its
- 1 bag of stick pretzels
- 1 large box of Wheat Thins
- 1 Package Hidden Valley Ranch Salad Dressing
- 1 Tablespoon of Lemon Pepper
- 1 Tablespoon of Dill Weed
- 1/2 Teaspoon of Garlic Salt
- 1 Cup of Vegetable Oil

In brown grocery bag pour in the Cheez-Its, Pretzels and Wheat Thins and mix thoroughly. Mix all the dry seasonings together and then add them to the oil. Be sure that this is thoroughly mixed. Pour a little in the brown bag over snacks and shake the bag. Repeat this step until you have used all of the oil mixture.

Be sure you have shaken the bag vigorously! Place bag in the microwave for 2 ½ minutes on high. Half way through the cooking time stop the microwave and shake the bag again.

Once this has cooked for 2 ½ minutes remove from the microwave and shake bag again. Pour into bowl and enjoy. This makes a lot of snack mix!
